The logo is a large, 3D yellow mole character with black eyes and whiskers. The mole's body is shaped like a shield. The text 'TRULY NOLEN' is written in large, bold, red letters across the mole's chest. Below it, 'PEST CONTROL' and 'TERMITES' are written in smaller black letters. The mole is positioned in front of a large, illuminated globe showing North and South America. The globe is set within a circular frame. The top half of the frame contains the text 'INTERNAL TRAINING CENTER' in yellow, and the bottom half contains 'INSULATION' in white. At the bottom of the frame, the words 'RODENT •' are visible in white.
